

I have known Josh Podell for over ten years, and I highly recommend him. I have had the opportunity to work with him directly as well as beside him in complimentary businesses. He is always dedicated, honest, timely, and delivers results.

He is a consummate professional that has proven to be an outstanding asset to every company that he has represented. He has gained the respect of both the retailers and the landlords with his work ethic, demeanor, and performance. Every company that I know would benefit from having someone of his quality and character working with them.
